Grenada County Democrats Form Smith-Robinson Club Saturday

Dr. J. W. Young Elected Honorary Chairman, W. S. P. Doty, Active Chairman, and Mrs. S. A. Morrison, Secretary—Dr. Young, Mr. Doty, Capt. R. N. Provine and Col. R. H. Henry Make Addresses—Initial Enrollment over 100 Members—Vigorous Resolutions Unanimously Passed Endorse Nominees and Condemn "Whispering Campaign".

At one of the most enthusiastic political rallies witnessed in Grenada County in many years a Smith-Robinson Club was organized with an initial enrollment of over 100 members last Saturday. The meeting opened at 11 a. m. and so great was the enthusiasm manifested that adjournment was not had until 1:30 p. m.

Dr. J. W. Young, Confederate veteran and one of the county's most highly respected citizens, was named honorary chairman, W. S. P. Doty, mayor of Grenada, was made active chairman, H. J. Ray was elected treasurer, Mrs. S. A. Morrison, secretary, and G. M. Lawrence, assistant secretary.

Dr. Young, in a brief address, recalled the dark days of reconstruction when the South was staggering under the oppression of the carpetbagger, the scalawag and the negro with the sanction and the approval of the Republican party. He stated that it is his belief that the election of the Republican nominees means an endorsement of such tactics and he implored his hearers that they should see that no such endorsement is given at the hands of southern voters.

Chairman Doty spoke for some minutes, presenting clearly and logically the reasons why southern men and women should remain loyal to their party. He said that white supremacy is the predominant issue in the present campaign and concerns southern democracy more than the question of religion or prohibition. He said that the "whispering" propagandist who is ignorant of history is to be pitied rather than condemned but that the intelligent citizen of the south who is aiding in spreading the "whispering propaganda" deserves and inspires the indignation of true southerners. He stated that under the plan of the Democratic party machinery one had every right to voice his opposition to a potential candidate prior to the party conventon but that after the convention selects its nominees the true and loyal Democrat would stand by its choice. According to Mr. Doty, the opposition to Smith in Mississippi and other southern states is based upon his religion and not upon his attitude on prohibition. He showed where religious freedom was insured by the constitution and that it should not redound to a man's detriment in aspiring to public office because he belonged to one faith or another. Discussing prohibition, the speaker said that the 18th amendment and the Volstead might be totally destroyed and Mississippi would still remain a dry state. He cited the various prohibition statutes of the state to show that Mississippi's laws are more restrictive on this question than are the federal laws.

Capt. R. N. Provine, nearing his ninetieth year, a Confederate veteran and an ardent Al Smith man, spoke briefly of the trying days following the war and painted a vivid picture of the tragedy that was brought upon the south through Republican machinations.

Capt. Provine spoke as one out of years of experience. He is one who has shown his faith by his works. He has remained for the years on his farm. It was there that he reared his children. If any man in all the state, separate and apart from those who sit in high places, knows Mississippi's experience for the past 70 years, that man is what his old friends call him, "Bob Provine". So it seems to The Sentinel that his words are entitled to the most serious consideration at this time.

Col. R. H. Henry, the builder, and the owner until a few years ago, of the Jackson Clarion-Ledger and a man of wide experience, a far-seeing citizen and the most widely known newspaper man Mississippi has today, was the next speaker. The Colonel is past the three score mark, yet he is vigorous of mind and body and is alive to every issue that concerns his state. He did not reach the court house until 1 o'clock, therefore many who would have delighted to hear him were compelled to leave on account of the lateness of the hour.

Col. Henry paid a great tribute to the Democratic presidential nominee, pointing out many of his outstanding characteristics that should endear him to the passes. He also paid a tribute to the members of the Catholic faith and cited many instances in which he knew of good they had done in the world. He was exceedingly caustic of the socalled Hoover Democrats, saying that they are not Democrats at all but that they are assistant Republicans. He mentioned the fact of Hoover's inquiring especially

LADIES' MASS MEET CALLED SATURDAY

Call Issued to Women of Grenada County to Meet at Courthouse in Grenada Saturday Afternoon at 2:30 for Purpose of Organizing Democratic Club—Ladies, as Well as Men, Interested in Victory.

The ladies of Grenada county have requested The Sentinel to issue through its columns this week a call for a mass meeting of ladies to be held at 2:30 p. m. Saturday, Sept. 22, at the courthouse in Grenada for the purpose of organizing a Democratic club. Every lady in the county is invited and urged to be present.

Since the right of franchise has been given the women it is their duty as good citizens to assert themselves at the polls. They, as well as their husbands, fathers, brothers and sons, should be vitally interested in election results for what concerns the men concerns the women also. The women of the Democratic party should fight shoulder to shoulder with the men in upholding the party banner, the standard of the party whose success means so much to Mississippi and the southland.

The Sentinel hopes that the ladies will turn out for the Saturday meeting and that they will unite in rolling up the greatest Democratic victory in November that the state has witnessed in many years.

Former Calhounite Writes From Texas

Sends Subscription to Sentinel and Recalls Boyhood Days with Provine Boys—Says Politics in Texas Are Boiling Over—Is for Al Smith and Wonders How Any Real Southerner Can Even Talk Republican.

Editor Sentinel:-

I was happily surprised the other day when I received a copy of your paper; being an old citizen of old Calhoun County, the paper made me my mind revert back to my boyhood days. But the best of all is to learn that my old chum and comrade, Capt. R. N. Provine, of Duck Creek, was numbered among the living. Our families lived close neighbors, just the creek between us. (Say Bob, do you remember that old swimming hole?) Close by this hole is where we boys used to hunt. Where are all the boys now? Echo answers, "where?" There were three of the Provine boys and three of the Barr boys. The Provines were R. N., J. W. and Foster; R. C., J. P. and W. Barr. Bob Provine and the writer are all that are left. R. C. Barr and J. W. Provine are moulding in the dust of the same church in "Old Virginia". J. P. Barr survived the war; he is buried in Texas. L. F. Provine also got through the war alive. But enough of this.

Well, Mr. Editor, politics are boiling over here. I expect it is the same in Old Mississippi, God bless her. But real Democrats must stand hitched, as the boys say.

As to crops out this way, will say that crops in Texas are short all over the state, and from what I can learn, it is about this way in all parts.

Politically I am for Smith for President. Like thousands of others I stained the soil of my native state with blood in the defense of my country. I cannot see in my life how any man or woman with a single drop of southern blood in their veins can vote, or even talk, for a Republican. The Republicans have never done anything for the South. They are no better now than they have been. I'll close for this time.

Respectfully,
G. W. BARR,

P. S. Please find enclosed money order for subscription.
Waco, Texas, Sept. 10, 1928.

RUNNERS SHOOT TODAY FOR HANDSOME MONEY AWARDS

Beginning promptly at 10 o'clock today (Friday) morning the Grenada Gun Club will hold its last and best shoot of the season. The shooters are to compete for $65.00 added money. The first four events are 25 single targets, $10 added money going to the winner of each event. A similar award will be made to the winner of the fifth event. 25 pairs doubles. $10 goes to the high gun on all targets and second high gun on all targets receives $5.

Methodist Revival Begins Next Sunday

Rev. J. M. Glenn, of Young Harris, Ga., to Conduct Two Weeks' Meeting in Methodist Church Beginning Sept. 23—Hoped that Revival Will Prove to Be All that Most Devout Methodist Can Hope For.

Announcement is made by the Methodist congregation of Grenada that a revival meeting, to be conducted by Rev. J. M. Glenn, of Young Harris, Ga., will begin at the Methodist church at the 11 o'clock service next Sunday morning, September 23. It is stated that Mr. Glenn is most highly commended by those who ought to be good judges of what is required of a minister and that he is a preacher of high rank and that he places first in all his sermons the salvation of men and women as taught by Jesus, the Savior of world. It is also stated of Mr. Glenn that he practices none of those things which characterize so many evangelists, and which have well nigh made every thinking congregation believe that in many instances the cause of pure and undefiled religion has been hurt by an evangelist coming to a community.

The Sentinel believes that it has been a long while, if ever before, since the world needed that class of pulpit deliverances which causes men and women to take an inventory of their habits and of their relations to their Maker and that would serve to make them better equipped for a Christian discharge of duty every day in each and every week. If Mr. Glenn does that class of preaching, and this paper feels that it knows that the consecrated pastor of the Methodist church, Rev. J. H. Holder, believes that he does, then his coming will be a benediction to the community and he will serve to lead the whole town to higher heights where they may see each day more of the beauty of that Home beyond this life which has been prepared for those who love God.

It has pleased God to save the world by the foolishness of preaching, so the Book says. Mankind needs the church. It is the agency, the avenue, the means by which and through which God keeps before man man's duty to Him. It has pleased God to place men and women in charge of His church—and in using the term, "His church", it is not meant to refer only to the Methodist church but to the church universal. God is perfect, but it has been shown a thousand times

Southland Owes Debt To Tammany Society

John Sharp Williams, Noted Mississippi Statesman, Recalls How Tammany Stood Up for South in Days of Reconstruction and in Hours of Greatest Need—Tammany Angel Compared to Republican Machines.

Indianola, Miss., Sept. 17.—Otho C. Stubblefield of this place, a life-long friend of Senator John Sharp Williams, has received a letter from the former U S. senator with reference to the presidential election, which is as follows:

"Sept. 4, 1928.

"Mr. Otho Stubblefield,
"Indianola, Miss.

"Dear Otho:

"I was glad to get your letter. I, too, am strong for our nominees. Both of them are honest, faithful and competent. The 'Tammany Society' in New York voted for Thomas Jefferson. It voted for Andrew Jackson. Although Tilden had put Boss Tweed behind the bars, it voted for Tilden for president, and although it opposed the nomination of Cleveland and Bryan both, it voted for both after their nomination. Above all things, it stood by the southern white people always from the day Lee surrendered at Appomattox down to now, even in the very blackest days of Reconstruction and carpet-bag and negro rule. It bpposed the 'Force Bill' with all its might in New York and through its representatives in Congress. It is a political machine and, of course, is not composed of angels and has some very black spots in its record, as all political organizations in large cities have, but it is an angel of light compared with the foul Republican political machine in Philadelphia, Chicago and a half dozen other large cities.

"The south owes it a deep and ineffaceable debt of gratitude. It was a fast and constant friend in our hour of utmost need when we had mighty few friends north of the Mason and Dixon line. There was a time when Tammany and Delaware and Maryland and now and then New Jersey were all we could count on. I am not apologizing for Tammany sins, but there is no doubt about the fact, sinning or not sinning, she walked the pathway to the south and the white man's civilization in the south.

"Love to all.
"Your friend,
"JOHN SHARP WILLIAMS."

BUSINESS MEN'S CLUB PLANS TRUE CENSUS

Young Men's Organization Plans to Make Accurate Enumeration of Grenada's Population—District Extension Agent, L. A. Olson, Discusses Plans for Fair—Committees and Advisory Board Are Named.

The Young Men's Business Club of Grenada had one of the best meetings Thursday at noon it has had since organization. A good attendance of the members was had and they heard various plans discussed for the development of the community.

At the meeting prior to this the executive committee of the club was asked by the president to name the various committees, which in its judgment, should be named at this time to carry on the various purposes of the organization.

The executive committee, consisting of G. M. Lawrence, chairman, B. J. Anderson, L. J. Doak, G. R. Fulton, Ben Perry, J. B. Horn, H. L. Honeycutt, W. E. Jackson, O. L. Kimbrough, Jr., J. B. Keeton, J. P. Pressgrove and E. M. Whitaker, reported the naming of the following committees:

Program—G. S. Kent, chairman, T. H. Meek, W. P. Moss;

Membership—J. B. Horn, chairman, S. H. Horton, Frank Smith, A. M. Juchheim, H. D. Bowers;

Dairying—John T. Keeton, chairman, A. R. Dockery, L. C. Proby;

Sanitation, Streets and Roads—L. J. Doak, chairman, Ben Perry, E. M. Whitaker;

Farm Marketing—O. L. Kimbrough, Jr., chairman, G. R. Fulton, R. W. Jones, L. A. Olson, J. P. Pressgrove;

Census—F. R. Lickfold, Jr., chairman, E. E. Penn, S. M. Brown.

The executive committee also reported the naming of an advisory board from among the older business and professional men of Grenada with whom the young business men might confer from time to time. Those named by the committee were J. T. Thomas, W. B. Hoffa, A. J. McCaslin, Dr. J. S. Sharp, W. D. Salmon, H. K. Barwick and Kemp Mattingly.

The census committee is to take at an early date an accurate census of Grenada as the latest available census figures, taken from the 1920 government enumeration, are known to be inaccurate. The government shows Grenada's population to be only 3401 and it is conceded that the actual figures would come nearer 5000. It is planned for the census committee to select as many members of the club as necessary to aid it in taking this census and to divide the town into sections, alloting certain sections to various groups. It is thought that it will take only a

THIRTEEN PROSPECTS FOR 1931 CAMPAIGN

Political Gossip Places Conner, Murphree, Anderson, Bailey, Casteel, Wilson, Johnson, Adam, Knox, Love, Lowrey, Whittington and Franklin in Next Race for Governor—Harrison to Go in Cabinet.

Jackson, Miss., Sept. 18.—For the first time in eight consecutive and hectic years, the "Bilbo bugaboo" has been removed from the gubernatorial field in Mississippi and he will be out of the 1931 campaign in body, if not in spirit, by virtue of a statute that prevents a governor from immediately succeeding himself in office.

Already there is bulky talk about Mississippi's next governor's race—and the field is full unto the harvest even at this early date. With Bilbo out of it, a free-for-all has developed, and exactly 13 Mississippi men have been seriously mentioned to date as likely candidates.

State politicians who, when Bilbo was running, had faint heart and lukewarm ambition, now hear the lusty voice of old Barkis and, like him, are willing and anxious to run.

The surviving veterans from last year's torrid fight for the office—Murphree, Conner and Anderson—are going to meet new competition next time if they choose to run. And there is no indication at this writing that they will not choose to be there when the gong sounds.

The political gossip in Mississippi, gathered from Yellow Rabbit to Vinegar Bend, links up the following 13 Mississippians with the desire to run for governor in 1931:

The Prospective Candidates.

M. SENNETT CONNER. ("Mike.") Lawyer of Seminary. Twice a candidate for governor, each time with the "Bilbo bugaboo" facing him. Still a young man (he's about 35) after 13 years' active participation in Mississippi politics, beginning with the speakership of the House of Representa-

College Enrolls 100% Of County Graduates

Grenada College Begins 77th Session Thursday, Sept. 20th, with Every 1928 Graduate of Grenada County Schools Enrolled in Freshman Class—Appropriate Exercises Feature Thursday Program.

Grenada College opened its seventy-seventh session Thursday morning with a very interesting program in the auditorium. The student body is about the same in number as last year with the largest freshman class the college has had in a good many years. One hundred per cent of the young women graduates of last spring in Grenada County are enrolled in the college.

Rev. R. L. McLeod, pastor of the First Presbyterian church, had charge of the devotional. Dr. J. R. Countiss, president of the college, presided over the exercises making a short address on the "Unified Life", after which he introduced each member of the faculty to the audience.

After Dr. Countiss' talk the teachers of the special departments continued the program. Miss Ione May Liller, voice teacher of the music department, sang two songs, "Danny Boy" and "Japanese Love Song". Miss Elizabeth Furgerson, the new piano teacher, rendered a piano solo, and Miss Ruth Bale, of the expression department, read a group of negro dialect poems. Revs. E. S. Lewis and J. H. Holder each made a short talk which concluded the program. Regular class room work will begin today (Friday).

DOTY IS NAMED CHAIRMAN LOCAL FINANCE COMMITTEE

Hon. W. S. P. Doty, mayor of Grenada, has been notified by J. B. Stirling, of Jackson, chairman of the Mississippi finance committee of the Democratic party, of his appointment as chairman of the Grenada County finance committee. Others throughout the county will be appointed to assist Mr. Doty in raising funds for the Democratic national campaign now in progress.

The state chairman could hardly have made a better selection in naming Mr. Doty to direct the work in this county. He had already been named by the Grenada County Smith-Robinson Club as active chairman of its organization and the two duties are naturally along the same lines. Mr. Doty is earnestly interested in the success of the Democratic ticket and he is actively and aggressively doing his share in contributing to the party's hoped-for victory.

McKinnon Discusses Presidential Race

Tate County Citizen Says All His Church Members, Baptists, Have against Al Smith Is He Is Catholic—Says Those Who Can't Stand Smith's Record Breathe as with Sweet Odor Rotten Republican Record.

Editor Sentinel:-

For just once in a lifetime Mister Bilbo, John Sharp Williams and this writer are riding in the same boat—we are all supporting the National Democratic ticket. Senator Williams tersely expresses it in these words when asked if he would support Al Smith and if so why,

"Because I am a Democrat and a white man".

Mister Bilbo goes farther than that. Among other things he says, and I want to commend it to a careful reading of my Baptist brethren throughout the state, that he had long hoped for a Baptist President and at last he saw his hopes realized when the Hon. Warren G. Harding defeated Gov. Jimmy Cox of Ohio in the year 1920. But, says Mister Bilbo, and history bears him out in the statement, there has never been such a rotten, stinking, administration since America gained her Independence from Britain. My Baptist brethren who can't stand Gov. Smith's record as a member of the New York Assembly and as Governor of New York can gobble up and swear they like the record of the Republican party with its thieves and pirates. They look with horror upon the record of Tammany Hall but breathe as if it bore a sweet odor the rotten record of Republican rule in Philadelphia and Chicago. When my brethren vote for Hoover they place the seal of their approval on Albert B. Fall, Secretary of the Interior, who sold States to Sinclair and Doheny for the Oil Reserves of the United a black satchel stuffed with $100,000.00 of bribe money. They by the same act approve of the buying of the Senatorship by Mister Vare of Pennsylvania and the same thing by Mister Smith of Illinois. They forget the black record of the Republicans, their placing of black feet upon white necks, their many black crimes throughout the entire South just after the Civil War when the South lay prostrate and defense-

Rev. J. W. Lee Fires "Dud" in His Anti-Smith Verbal Barrage

Minister Gets into Deep Water and Makes Charge against Joe Robinson, Democratic Candidate for Vice-President, that Facts and Records Do Not Warrant—Says Robinson One of Woodrow Wilson's "Willful Twelve"—Editor Wonders If Preacher's Statements about Smith Based upon Same Information as Charge He Makes against Robinson.

Editor Sentinel:

To notice in detail all you say in reply to my rejoinder in your issue of Sept. 14th would be going over much of the ground already covered and consuming unnecessary time and space.

Just this one thing:

You say you prefer to take the opinion of Pat Harrison and Joe Robinson and others to the opinion of the conferences, synods and conventions, North and South, of the religious bodies mentioned.

Have you forgotten that during the Presidency of Woodrow Wilson there were twelve Democratic members of Congress who opposed his policies?

Have you forgotten that Mr. Wilson referred to these as the "willful twelve"?

Have you forgotten that Joe Robinson was the leader of the "willful twelve"?

Have you forgotten that our own senator Vardaman followed Joe Robinson to the regret of a majority of Mississippi voters including the editor of The Grenada Sentinel?

Have you forgotten that Pat Harrison in his race against Vardaman insisted that Vardaman had disqualified himself as a Democratic Senator because he (Vardaman) had followed Joe Robinson in opposing Mr. Wilson's policies?

Have you forgotten that the people of Mississippi in electing Pat Harrison as against Senator Vardaman repudiated the leadership of Joe Robinson?

Has Joe Robinson been converted to Mr. Wilson's policies? If so, when?

Has Pat Harrison repented of defeating Senator Vardaman because Vardaman was a follower of Joe Robinson? If so, when and where?

Many of us feel now towards Joe Robinson just as Pat Harrison did when we repudiated Joe by electing Pat.

It is the same Joe now that it was then. His being on the national Democratic ticket does not make him a different Joe.

Pat has deserted us and gone to be a yoke fellow with the one whom he repudiated when he wanted to go to the United States Senate.

In the race between Senator Vardaman and Pat Harrison the editor of The Grenada Sentinel took a stand against Vardaman and Robinson.

If Joe Robinson was regarded as disloyal to true Democracy when he was disloyal to Wilson, why should some of us be thought disloyal to Democracy because we are disloyal to Joe?

If Tammany Hall and its friends were going to honor the South by putting a southerner on the ticket why could they not have given us one other than the leader of the "willful twelve?"

Is there any answer except "Birds of a feather flock together"?

J. W. LEE

Batesville, Miss., Sept. 17, 1928.

Editorial: Our good friend and Brother, Rev. J. W. Lee, comes at The Sentinel again this week in another of his communications directed against the Democratic nominees. This time he fails to discuss the presidential candidate but shoots his arrows at the vice-presidential nominee, that stalwart United States senator and southern gentleman, Joe Robinson, of Arkansas.

Our good Brother has evidently let his zeal run away with his caution and shall we say his information. Had he taken a few moments' time to investigate he would have learned that ROBINSON WAS NOT ONE OF THOSE DENOMINATED BY PRESIDENT WILSON AS "THE WILLFUL TWELVE" who conducted the filibuster in the United States Senate which prevented a vote on the bill to arm the United States merchant ships. His argument, therefore, must collapse of its own weight, since it is based solely on the erroneous assumption that Robinson was a member of that group. The senators who composed the "willful twelve", of whom President Wilson spoke, were La-Follette, of Wisconsin, Vardaman, of Mississippi, Stone, of Missouri, Kirby, of Arkansas, Lane, of Oregon, O'Gorman, of New York, Clapp, of Minnesota, Cummins and Kenyon, of Iowa, Gronna, of North Dakota, Works, of California, and Norris, of Nebraska.

If our Brother's "knowledge" of the alleged corruption of Tammany Hall and of Alfred E. Smith's public and private life, such as he has paraded in previous articles in The Sentinel during the past several weeks, is no more accurate than what he "knows" about Joe Robinson and the "willful twelve" we fear that he is not so well-informed as one should be who undertakes to air his political views in the public press.

Really we are surprised that our Brother should have waded out where he does not know the depth

(Continued on page 8)

EXPECT BIG CROWDS FOR GRENADA FAIR

Exposition Promises to Shatter All Previous Records in Every Department—Musical Revue Will Entertain Crowds Nightly—Handsome Premium List in 4-H Calf Club Show—Fine Midway Attractions.

Just a little more than two weeks and the gates of the 40th North Mississippi Fair will swing open to the greatest crowds in the history of the exposition. The statement that visitors are coming in such numbers is based upon the great amount of interest that is being manifested all over the fair district in the forthcoming event. Word comes from everywhere over the district that the people are coming here in great numbers for what promises to be the greatest agricultural, live stock and dairying exposition and the best and most entertaining program of amusements that Grenada has ever witnessed.

One of the first 4-H calf clubs shows ever held in Mississippi will be held at the Grenada fair. A premium list of $1200 for this show has been announced by the association. At the National Dairy Show in Memphis Mississippi will be represented by five teams of five calves each selected at the North Mississippi fair. All calves competing at the National Dairy Show from Mississippi will be from the North Mississippi district in which are located all of the registered clubs which are stressing quality instead of quantity. The calf club show is being fostered by the extension forces and it promises to be one of the outstanding features of the fair.

S. M. Cain, seceretary of the fair association, has just contracted with Robinson's Revue to furnish part of the night entertainment at this year's fair. The revue consists of 26 people, most of whom are pretty girls. Singers, dancers and comedians add their part to making this attraction one of the best on the road today and the quartet with the revue have added laurels to their fame wherever they have appeared. The revue will be staged nightly in front of the grandstand and an admission

Ayer & Lord Head Expresses Thanl

President of Big Company Appreciates Sentinel's Spirit in Commendation of Company's Efforts to Preserve Fish—States Government Tests Prove Creosote in Small Quantities Not Injurious to Fish.

The following very gracious letter from the president of the Ayer & Lord Tie Co. is being published by The Sentinel as a matter of news for anything out of the ordinary is regarded as news. It is not meant by this that the Ayer & Lord Tie Co. seldom expresses its appreciation for any courtesy extended it but what is meant is that it is so rare, indeed, for a newspaper to be commended that when a bouquet is thrown to the paper, it is generally passed on to its readers. The Sentinel appreciates the letter for it likes to be patted on the back occasionally for what it is striving to do.

The communication referred to follows:

Editor Sentinel:-

We have received a copy of your Friday, September 7th, issue, which gives some publicity to the effort of our company to prevent creosote oil getting into the drainage ditches or streams in the vicinity of our plant, and that you also bespeak the consideration of the public in their criticisms or activities against our company.

We wish to thank you very much for your unbiased public spirit and for the trouble you have taken in an endeavor to obtain consideration for us. We can say to you that it has been a proven fact, which has been substantiated by the Government departments, that creosote oil in small quantities in water, or where feed boxes, troughs or silos are constructed of creosoted material, there is absolutely no danger of so-called poisoning, but that the effect would be to the contrary really a benefit.

Thanking you again and with kindest regards, I am,

Yours very truly,
(Signed)
A. W. ARMSTRONG,
President and Manager
Chicago, September 11th, 1928.

THIRTEEN PROSPECTS FOR 1931 CAMPAIGN

(Continued from page 1)

tives at the age of 32. His friends have already coined a 1931 campaign slogan for him: "Now it's time for Conner."

DENNIS MURPHREE, ("Governor,") Newspaper man of Calhoun City. Member of the House several times. Later lieutenant governor and succeeded the late Governor Whitfield in office and made an unsuccessful race against Bilbo last year, going into the second primary with him. Murphree's closest friends indicate he will run again in 1931. He is in the insurance business in Jackson now. Occasionally he goes out public speaking—in some strategic sector politically.

ALBERT C. ANDERSON. ("A. C.") Newspaper man of Ripley and Jackson. Member of Legislature for number of years. Ran fourth in the race last year. After the campaign ended he came to Jackson and established the "Weekly Mississippian." This move was taken by the politicans to mean that he was getting himself a headstart in the 1931 race. Bilbo ran his "Free Lance" four years before the last election.

THOMAS L. BAILEY.("Tom"). Lawyer of Meridian. Speaker of the House of Representatives. A young man, and a consistent Bilbo fighter. Now being generally mentioned as likely material for the governor's office on an "anti" ticket. He bears out this rumor of his ambition to run by accepting speaking engagements at frequent intervals in all parts of the state.

HOMER H. CASTEEL. ("Gov. ernor.") Lawyer and legislator, once of Pickens, now of Canton. Former lieutenant governor. Now a state senator. During the last session of the legislature he made the casual announcement that he was going to be a candidate for governor in 1931. He has not amplified that statement since, but neither has he repudiated it.

T. WEBBER WILSON. ("Mr. T.") Congressman from the Sixth District. Lawyer. Unsuccessful candidate for U. S. Senate this year. In his statement following the re-election of Senator Stephens, Wilson said it was still his ambition to serve the people of Mississippi. The wise boys in state politics say this was a cool and calculated announcement of his candidacy for governor in 1931.

Johnson May Get In.

PAUL B. JOHNSON.("Judge.") Lawyer of Hattiesburg. The man who beat Bilbo in 16 out of 17 counties for Congress in 1919 from the Sixth District. Retired from Congress in 1923, and has since practiced law. He is always considered the dark horse in gubernatorial talk, but has never filed as a candidate. His friends say he will do so in 1931.

C. B. ADAM. ("Bidwell.") Lawyer of Pass Christian, and present Lieutenant Governor. Bidwell is young. About 33. Was a buck private in France. He broke into Mississippi politics last year, practically an unknown. It is admitted he has gained considerable state wide popularity. The talk that links him with the governor's race in 1931 is the natural talk that involves a lieutenant governor who might like to step up a notch. Bidwell has said nothing yet to indicate his ambition.

RUSH H. KNOX. ("General.") Attorney General of the State There is talk about Knox running for governor in 1931, but there is also an equal amount of talk about him offering for Attorney General. Meanwhile he remains quiet as to his plans, and if the governorship is mentioned to him he smiles broadly, chews vigorously at his fat cigar, and continues quiet.

M. P. L. LOVE. ("Lowrey.") Salesman of Hattiesburg. Former State Senator. Prominent in Baptist circles. Served as chairman finance committee when 1924 (Whitfield) income tax law passed. Made an unsuccessful race for lieutenant governor last year. After the election, he gave out a statement that indicated he might have some plans for the future of a political nature. The announcement has been interpreted to mean he might run for governor.

B. G. LOWREY.("Doctor.") Congressman from the Second District. Dr. Lowrey is a new subject in the gubernatorial talk. It started after his defeat for re-election to Congress from the Second District by Wall Doxey, of Holly Springs. Lowrey has strong statewide connections in Baptist and educational circles, and his friends say a four-year term in the governor's chair would round out a great public career for him in Mississippi. He has made no statement thus far as to his future plans.

WILL M. WHITTINGTON ("Bill.") Congressman from the Third (or Delta) District. Former state senator. Active in flood control legislation. Said to have state-wide ambitions, but the politicians do not seem to be able to figure out whether he intends to run for governor in 1931, or against Senator Pat Harrison in 1930. There is talk both ways, but Whittington has done none of it publicly. He has been going over the state, however, with considerable frequency.

LESTER C. FRANKLIN. ("Commissioner.") Former lawyer and judge of Clarksdale. Now state tax commissioner, appointed by Bilbo. Candidate for governor in 1923, running fourth in the race that resulted in the election of Governor Whitfield. The political gossip some time ago was that he would have the Bilbo backing for governor in 1931. This seems unlikely now, for there are several alleged "Bilboites" in the field

About Pat Harrison.

The political gossip in Mississippi flows like an endless stream, and covers everything from justice of the peace elections to the presidency. Of late there has been much said about Senator Pat Harrison.

The senior senator from Mississippi is active for Al Smith for president and occupies a high place in the presidential campaign machinery. If Smith is elected in November, the gossip is that Pat Harrison will be in the cabinet after March 4 as the postmaster general. Some say that even a higher ranking cabinet job than that awaits him, but it is at least agreed that he will get a place in the coveted circle if Smith is elected.

If this comes to pass, Bilbo will have the right to appoint a temporary senator to succeed Harrison. Some say he will appoint Webber Wilson, who made the recent unsuccessful race against Senator Stephens.

But there are a good many political observers down here who say he won't do this, but will appoint someone who will step down and let Bilbo run for the unexpired term in the special election that will follow.

If Smith is not elected, Harrison will come up for re-election as a senator in 1930. Two names are being mentioned now as likely opponents for him. The one is Bilbo, and the other is Congressman Will M. Whittington of Greenwood. Nothing that smatters of a definite statement has come from either of them, but the grapevine telegraph, so commonly used in Mississippi politics until it has become fairly reliable for political information, says that Whittington's plan is to run if Bilbo runs, hoping to cut South Mississippi in two as a result of the Bilbo-Harrison fight down there, and to carry North Mississippi pretty solidly, especially the delta.

Some of the former Democrats of Mississippi who have turned for Hoover have turned against Pat Harrison and are publicly denouncing him in the same breath they denounce Al Smith. A better idea of what strength these opponents to Pat have will be known after the general election in November when they do what they can for Hoover.

Mississippi has never gone within a shadow of Republican, but it is admitted by the staunchest Democratic leaders that the state will poll the largest Republican vote in its history this fall when the Hoover-Smith campaign ends. That vote will largely determine Pat's status in the state politically.

IT DRIVES OUT WORMS

The surest sign of worms in children is paleness, lack of interest in play, fretfulness, variable appetite, picking at the nose and sudden starting in sleep. When these symptoms appear it is time to give White's Cream Vermifuge. A few doses drives out the worms and puts the little one on the road to health again. White's Cream Vermifuge has a record of fifty years of successful use. Price 35c. Sold by CORNER DRUG STORE

HALF-HEARTED
Never Felt Well

"I don't see why women will drag around, in a half-hearted way, never feeling well, barely able to drag, when Cardui might help put them on their feet, as it did me," says Mrs. Geo. S. Hunter, of Columbus, Ga.

"I suffered with dreadful pains in my sides. I had to go to bed and stay sometimes two weeks.

"I could not work, and just dragged around the house.

"I got very thin. I went from a hundred and twenty-six pounds down to less than a hundred.

"I sent to the store for Cardui, and before I had taken the first bottle I began to improve. My side hurt less, and I began to mend in health.

"Cardui acted as a fine tonic. I do not feel like the same person. I am well now, and still gaining."

For sale by druggists, everywhere. Give it a trial.

10 YEARS AGO IN GRENADA
From the Files of THE GRENADA SENTINEL

Mr. P. S. Irby spent several days this week as the guest of his brother and other friends on a hunting trip in the Tallahatchie swamps this side of Holly Springs. He reports exceptional success.

Miss Elizabeth Pressgrove left Monday for Brenau College, Gainesville, Ga., where she will attend school this winter.

Mrs. B. F. Perry spent Saturday afternoon in Greenwood where she went to meet her son, Malcolm, who has been spending the sum- with relatives and friends at Sartartia.

Misses Annie Mansker, Alma Acee and Rosa Weed spent Sunday in Greenwood. Misses Mansker and Weed returned that night but Miss Acee remained over for the week.

Mrs. George Ransom and Miss Allene Ransom, of Jackson, spent a part of last week with relatives and friends in the City Beautiful.

Mr. George Ransom, of Jackson, spent several days in Grenada this week, the guest of his sister, Mrs. Ada McCampbell.

Miss Charlie Olson, of Tie Plant, left the first of the week for Nashville where she goes to spend some weeks with friends and relatives.

Mrs. T. H. Meek is spending the week in Grenada with friends and relatives.

Mrs. Ward Allen, who has been at Portsmouth, N. H., with her husband since her marriage, is at home with her parents, Mr. and Mrs. W. M. Dubard.

Mr. William McCaulla went to Memphis the early part of the week to accompany his daughter, Miss Willie, who entered one of the business colleges of that city.

Mrs. Julia Rather has returned to her home in Tuscumbia, Ala., after a very pleasant visit to her sister, Mrs. Ben Ricks Winter.

Mr. J. H. Horn spent several days last week visiting friends and relatives in Marsh Beat, his old home in Tallahatchie county.

FORMER GOVERNOR ENDORSES SARGON

Hon. Clifford Walker, Twice Governor of Georgia, Says He Is in Better Physical Tone Than in Years.

Former Governor Clifford Walker of Georgia, twice honored with the highest office the people of his state could give him, is prominent among the thousands of well known men and women throughout

HON. CLIFFORD WALKER
Former Governor of Georgia

America who have publicly expressed their gratitude for benefits they have obtained from the use of Sargon, the new scientific formula which has been accorded such enthusiastic praise wherever it has been introduced.

In his voluntary tribute to this celebrated medicine, this distinguished Southerner said:

"Not being stalwart in physical strength, it has been my custom for several years to recoup my physical energies at each change of season with some tonic. Owing to close confinement in my office and rather sedentary habits of life my physical condition was such that I decided to take a course of treatment at Battle Creek. During recent years, in fact, I have been compelled to resort almost continually to laxatives and other special hygienic measures to maintain my health.

"This season a friend of mine suggested Sargon. I was convinced from literature which I read that it was a scientifically prepared product and decided to try it.

"Almost from the start its invigorating effects were noticeable. I seemed more alert, my appetite improved, my capacity for work was increased and I was conscious of a feeling of general well-being. I have gotten by the summer and am now entering the fall season with more energy and in better physical tone than I have experienced in many years.

"From my own experience I am convinced that Sargon contains certain therapeutic agents which are highly valuable wherever a tonic impression is required, and also for their influence upon the appetite and digestion. From its effects in my case I cheerfully recommend it as a tonic and corrective worthy the trial of all tired business men."

Sargon may be obtained in Grenada from the Corner Drug Store.

McKINNON DISCUSSES PRESIDENTIAL RACE

(Continued from page 1)

less. But they throw up their hands in holy horror at the record of Tammany Hall forgetting what it did for Jefferson Davis, the vicarious sufferer for the whole South, when he languished a manacled prisoner in a military hell at Fortress Monroe, Virginia. It was this same Tammany Hall who started the fire that melted the shackles from that enfeebled prisoner and made him again a free man. They forget that Tammany Hall has contributed to every victory the Democrats have won for the past 139 years.

Let's be honest and tell the real truth. All we have—the Baptists I mean—against Gov. Smith is he is a Catholic. Simply that and nothing else. Lie as we will about his opposition to prohibition being the cause, it is nothing more nor less than his religious belief that makes us damn him. We have been taught to hate the very name of Catholic from our babyhood. It's in the blood and there is no use lying any more about it.

I once had the honor of being a trustee of our local Consolidated School and twice dictated the name of the principal teacher. He was the most miserable failure I ever knew. Hoping to redeem my good name I again dictated his successor. He was also a failure. I then turned the job over to the boys with the remark,

"Go on and do your damnedest, you can't do worse than I have". Same about us Baptists—the Catholics can't do worse than we did when we had Baptist Harding as President. Let them do as I did, try their hand at a job in which we so miserably failed.

M. A. McKinnon.
Coldwater, Miss., Sept. 10, 1928.

P. S. After the above article was mailed on last Monday I had a short but pleasant visit from Dr. Sidney and Robert Sharp and the son of Dr. Sharp of Grenada. Sidney and Robert were raised just across the Tate county line in Marshall County at Wall Hill. Dr. Sharp asked why I had quit writing for The Sentinel and when told that I had sent a piece for publication that morning in which I had given my Baptist brethren what Paddy had given his drum asked why I hadn't included the Methodists as well, as they, too, were sinners. I answered,

"Because I am afraid. Being a Baptist I can afford to give them _____, but I might mortally offend my Methodist friends if I included them in the excoriation".

But I do wish Bishop Galloway was alive to stop this movement of his Methodist brethren towards the Republican party and he would do it too or else there would be some bloody noses and black eyes among "the Lord's anointed" if a man can claim to be "anointed" and at the same time try to lead his flock into a black, nigger-loving, Republican party. An Irishman was asked if he didn't think one man was as good as another and after cogitating a while he replied,

"Yes, if not a dom sight bether".

Mr. Hoover thinks the same way as the Irishman or else he would never have issued the order he did issue rescinding a former order of Census Director Harris of Georgia segregating the races. Now under the order of this nigger-loving Hoover, white women are working in the same room with nigger men in the Census Bureau one being "as good as the other if not a dom sight bether". But that is all right for those who like it. If these so-called Hoover Democrats like the sweet scent and rather violent perfume of the nigger that is their business but they should lay off all disguise and join the ranks of the party that is led by Perry Howard and the mulatto lady of Mound Bayou, who is the National Committee Woman from Mississippi and who labors under the significant title of Mrs. Mary Booze. I hear that Hoover has already danced with Mrs. Booze and that she is now practicing some new "two steps" in preparation of leading the inaugural ball with President Hoover as her dancing partner. O, what a pretty mess these Baptist Parsons and Methodist Bishops are trying to lead our men and women into. I am not much of a praying man I fear but if I were the burden of my prayer would be modeled after that of the dying Savior who while being crucified on Calvary's Cross between two thieves said,

"Lord forgive them for they know not what they do".

More anon-and more of it.

Week after week and month after month the Bigger and Better Chevrolet has swept on to greater and greater heights of popularity—until today it stands acknowledged everywhere as first choice of the nation for 1928!

Never has any Chevrolet enjoyed such overwhelming public acceptance—for never has any low-priced car provided such an outstanding combination of distinctive beauty, thrilling performance and amazing economy!

Its beautiful bodies by Fisher—long, low and racy, and finished in colors that reveal to-day's mode for smartness and individuality—are far in advance of accepted standards in the field of low-priced cars. Inside and out they prove anew that Fisher craftsmanship is a thing apart.

But Chevrolet performance is no less impressive than Chevrolet beauty and style. Never before was a low-priced car so easy to handle—for the steering mechanism is fitted with ball bearings throughout . . . the clutch and gear-shift lever respond to the slightest touch . . . and big non-locking 4-wheel brakes give a measure of braking control that is more than equal to every occasion.

Come in and see the car that has won the approval of more than three-quarters of a million buyers since January 1st. Learn for yourself why it is scoring the greatest success of this great automotive year!

IF TRUE IN 1917, TRUE TODAY.

In The Sentinel of February 23, 1917, there appeared an editorial under the caption, "Are Political Parties Necessary?", which discussed one of the very things that confronts many Democrats in Mississippi today in dealing with those who are stuttering about whether or not they will support Al Smith in the present presidential campaign while in the same breath they argue that they are still loyal Democrats.

That editorial read: "In the very earliest days of this Republic there developed two well defined and divergent lines of political thought which crystallized under the leadership of different men into political parties. ***Fortunately for the Nation neither school was successful in getting its ideas incorporated into the organic law, nor did the people show such a decided preference for one over the other in elections as that the early policies of the government were entirely shaped by those holding one particular set of views. Notwithstanding this, the maintenance of the integrity of party lines was early recognized as necessary to the proper political growth and economic development of the country. Party fealty soon became second in honor only to loyalty to country, and this idea has come along down to the present day. Perhaps there was a greater stigma attaching to the breaking of party traces during the days of Andrew Jackson and just after the Civil War than in any other period in our history. ****There can be no debate about political parties being necessary, especially in a Republic where all men are created free and equal, and where everybody participates in the affairs of government. These facts being true, it can not be questioned that there must be some standard of party loyalty, and that when a ***man breaks away from his party, he plays the Arnold act, regardless of the purity of his aims and purposes. A man can not wire in and out and be in at the same time he is out".

If what this paper said in 1917 about this particular matter was true, it is also true in the year of our Lord 1928. The man has yet to be born who can travel alone in political matters and do something worth while for his neighbors, his friends and his country.

The stray male from even a well bred herd of cattle is of small value comparatively. This is a country of team work, and the one who won't pull because his particular man is not the driver places himself where he is viewed with more or less skepticism.

It is said of Bishop Coke, who was sent to the United States in the early days of Methodism in this country to organize and place on a going basis the churches started, found Virginia and other colonies to be slave holders. The Bishop looked upon slavery with almost holy horror. For some months after his arrival, he turned his verbal batteries on the iniquities of slavery. He soon found that what he was saying was doing no good and that his position was rendering him impotent to do other needed spiritual things, so he decided to cease to bombard slavery and determined to still more preach Jesus and the Cross. There are some today that would serve a worth while purpose by emulating the learned and deeply pious Bishop Coke.

The ox in the team that balks at the hill today may do the same thing tomorrow. It is the pulling ox that counts regardless of the load on the wagon.

We repeat that political parties are necessary, it therefore follows that party loyalty is no less necessary.

SOME OF THE PROTESTANT MINISTRY AND THE CATHOLICS.

One often hears the glad news that wars shall be no more. Every right thinking man and woman and every man who breathes the spirit of the Master says in his heart may God hasten the day when wars shall be no more.

But what many of the Protestant ministers, men who claim to go forth to preach the glad tidings of "peace on earth and good will towards men", are saying in the year of our Lord 1928 about Al Smith and the Catholic church, causes us to fear that the day of which Isaiah wrote in the centuries ago when he was telling of what should follow as a result of the coming of the Savior and the example He would set all mankind, is far removed from the present. Isaiah said, "And it shall come to pass in the last days that*** they shall beat their swords into plow shares, and their spears into pruning hooks and nation shall not raise its sword against nation, neither shall they learn war any more".

We say that when men who claim to go forth to represent the Master cannot think well of each other, when they show from their pulpits and their writings that they have not ceased to use their tongues to befoul another set of men who have as much right as they to claim loyalty to the Babe of Bethlehem, we need not hug the delusion that wars are no more.

Out of this there is one thing that may console many weary mortals and that is that there is no evidence in much that is being said by some preachers in this presidential campaign that the "last days" are any way near.

REV. FRANK NORRIS GOES ON AN ANTI-SMITH RAMPAGE.

And the Rev. Frank Norris of Fort Worth, Texas, who runs a Baptist church somewhat of his own, who killed a fellow townsman in his own church, who was once indicted for arson and who is at cross purposes with a large per cent of his own church because of what he terms their "modernism", went on a rampage in his pulpit last Sunday night against Al Smith. It seems to us that men who have had the checkered career that Norris has, and who have the right sort of sense of decency, should go way back and sit down, certainly they should refrain from assailing the character of other men. Al Smith's hands have never been stained with human blood; he has never been indicted for arson or for anything else, and enjoys the confidence, the esteem and the respect of a majority of the people of his state. Can Norris say this much?

GOV. BILBO ISSUES CALL FOR LEGISLATIVE SESSION.

Gov. Bilbo has issued a call for the legislature to assemble in extraordinary session October 1. The Governor names first his proposed printing plant as one of the matters to be considered. This is a thrice told tale. The Sentinel has given its reasons for not favoring a printing plant to print school books to be sold at cost on numerous and divers occasions heretofore. Briefly stated, we are opposed to a book plant because we are opposed to the government getting into private business and because there is no more reason why there should be a factory or plant to make books than one to make shoes or clothing. All are necessities. We would take this position regardless of who is Governor.

The second matter the Governor submits is that of providing for a permanent highway system. We are for a law that will give the state concrete highways. Graveled roads are costly. The wear and tear of graveled roads on cars and tires is terriffic. The state of North Carolina, one of the best business managed states in the Union, figures that it saves 3.3c per mile by substituting concrete for graveled roads. Upon this basis, and supposing that Mississippi has 275,000 automobiles, and that each automobile will be driven 6000 miles each year, the annual saving then would be $49,500,000, or an amount that would soon enable the state to have an almost perfect road system. It seems to us that by increasing the tax on gasoline one cent per gallon, a permanent road building plan can be started. But regardless of whether our surmise in this regard is right or wrong, we think the public mind is ready for a business-like and wisely planned road building program. There will need to be some receding by both the Governor and the legislators from the attitude assumed at the session last winter.

The next question the Governor submits is that of raising revenue. Unfortunately there has not yet appeared anybody who seems to have a real state-building, state-encouraging, revenue raising plan. Everything is a make shift. The revenue will have to come. But let us implore the lawmaking body to pass no general sales tax law. More anon.

Chinese Religion Further Described

Christian Minister Writes Another Letter from Shanghai Telling More of Oriental Superstitions—He Discusses Tigers and Tells of Great Fear Chinese Have for Animal—Says Chinese Need Gospel.

Editor Sentinel:-

Enclosed I send you a tiger. Chinese speak of four tigers—the yellow and black tiger, the black tiger, the white tiger and the money tiger. The latter is made of cash, the black tiger is the steed of the god-of-wealth. The white tiger is a sign of bad luck so is never seen in pictures. From childhood the Chinese fear the tiger. He is made a bugaboo to frighten children. If naughty they are told the "Loa-hu" (tiger) will catch them. So "tiger" is an ever present fear to little "Chinks", not only, but it remains to old age, rather as an evil spirit than as a tiger. As one goes along the roads he sees paper tigers pasted over the door, that the evil spirits, seeing the tiger, will flee away to a tigerless house. Chinese have great faith in tiger bones, claws and sinews as medicine. Since the tiger is so strong, medicine made of him must make one strong. Travelling medicine men with tiger skins stretched on poles as sign-boards rarely wait long for purchasers of their wares.

On the tiger sent you rides Chang Tao-ling, the first Taoist Pope in China. He is said to have been born on Tien Moh San (Heavenly-eye Mountain) in A. D. 35. I have been on this mountain when out itinerating and slept in one of the temples. Chang was asked to be an official; but he chose to meditate in silence and cultivate virtue. He went to dwell in China's Western Hills where he was shown, by a book given him from above, how to find the elixir of life and from other ancient books how to ascend to heaven, how to fly, and how to walk among the stars. With such and other magic powers he could fight demons, divide mountains and seas, rule the winds and thunder and send demons running with fright or bring spirits cowering before him. Being the head of the Taoists and being in possession of the elixir of life and of talismans for the cure of all diseases, not only is he highly respected, but he has enabled the Taoist priests to gain great wealth by the sale of such things to the people and they themselves to be sought out as great healers.

Charms with Chang Tao-ling's seal are purchased by rich and poor for goodly sums and are pasted up in the homes or are carried about on their persons. You can see these charms and seals above Chang's head. You will see, too, that he is dressed in fine, figured garments. In his right hand is his gavel of authority and in his left hand he has a cup of the elixir of everlasting life. The tiger on which he rides is crushing with its paws the five poisonous creatures that represent all creatures that injure the health. If you look carefully you can make out a snake, toad, centipede, lizard and a spider. The little tiger behind has in its mouth Chang's own magic sword. Chang is pasted up in the home on the "Double 5th"—5th of 5th Moon-June 22 this year. He's supposed to repress the poisonous creatures so as to ward off calamity and sickness, especially during the hot, trying months of summer. On the Double Fifth the children are dressed in cheap, tiger-like suits of clothes, also to keep off disease-causing evil spirits who wish to harm children but are afraid of tigers. The children are also decorated with charms around their necks and arms and have tiger stripes of yellow paint on their faces.

Chang Tao-ling is also called the "Heavenly Teacher", "Chang the Angel", "Chief of the Wizards", "The Ideal Man", etc. I suppose 50 millions of him such as I enclose, are pasted up and worshipped each year. The headquarters of his descendents and of the Taoists has been on the Dragon-tiger Mountain in Kiangsi Province since A. D. 1000. From this place come millions of charms, talismans, etc. to be sold to credulous people all over China. So you see how deeply steeped in superstition the Chinese are and how much they need the Precious Gospel of our Lord and Savior Jesus Christ. With best wishes and kindest regards.

Yours in Christ's glad service,
(Rev.) H. G. C. Hallock.

Shanghai, China, Aug. 15, 1928.

RED CROSS RAISES $350 FOR STORM SUFFERERS

The sum of $350 was forwarded the first of the week from Grenada to aid in caring for the storm sufferers in Porto Rico, the Virgin Islands and Florida. This amount was quickly raised in Grenada by committees working under the direction of Mrs. W. D. Salmon, chairman of the local Red Cross chapter.

Those who have not contributed to the relief fund and who wish to do so, may send their donation to Mrs. Salmon. It is believed that an additional call is to be made for a huge sum is necessary to care for the thousands who have been made homeless by the hurricane.

INSURANCE AGENCY OPENS

Located on the second floor of the Grenada Trust & Banking Co. building, a new insurance agency representing some of the oldest and best known companies has opened for business in Grenada. The business is in charge of Mrs. C. E. Coleman and will be known as the Coleman Insurance Agency. Mrs. Coleman has had quite an extended business experience part of which has been in insurance and she should, therefore, be well qualified to capably handle such matters that come to her attention. She is a conscientious worker and is duly attentive to business matters. The Sentinel bespeaks for her the consideration of the public in her new venture.

GIRL SCOUT NEWS TROOP 2

The Girl Scouts of Troop 2 had their first meeting Monday, Sept. 17. There were thirty-nine girls present. They were divided into four patrols; Reindeer patrol, leader, Ruth Kirk; black bear patrol leader, Grace Cowles Horton; tiger patrol leader, Eloise Wilkins; silver fox patrol Martha Oliver, leader. The troop captain is still Miss Fay Gunn. Grace Kirk has been elected as assistant lieutenant.

The first part of the meeting was devoted to marching. Miss Gunn taught the girls several new kinds.

Several games were played in which all of the girls joined. The girls, also, had the flag ceremony.

Then Miss Gunn told the girl scouts about the new uniforms, patrol boxes, paraphernalia, etc.

There was fine interest shown in the meeting and the scouts were willing to make themselves useful to the community.

The girl scout committee is as follows: Mrs. John Rundle, chairman; Mrs. W. D. Salmon, treasurer; Mrs. Cowles Horton, Miss Lizzie Horn, Miss Nannie Lou Hamilton, Mrs. E. C. Thompson, Mrs. Homer Weir, Mrs. R C. Kerr, and Mrs. A. J. McCaslin. Captains Mrs. Lafayette Atkinson, troop 1, and Miss Fay Gunn, troop 2.

Grace Kirk, Scribe.

Street Improvement Fund: G. D. Thomason, cost bill in val. bonds $18.88, Bond Tax Fund: Gerturde Keeton, refund $96.60, continued.

Board adjourned.

WILL GIVE FREE LECTURE

Bela Mark, Former Austrian Professor, to Talk Tonight at School.

Bela Mark, native Hungarian, who has been making his home in Grenada for some months, will lecture tonight (Friday), Sept. 21, at 7:30 o'clock in the high school auditorium. Mr. Mark's subject will be "Life as a Business Proposition". The lecture will be in condensed form from a book he has just completed on the subject but which has not yet been published.

Mr. Mark's occupation in Grenada has been that of securing settlers in Grenada county, generally people of his own nationality, who come here from the industrial centers of the north and east. Several families, brought to Grenada through Mr. Mark's efforts, are now making their home here and are evidently prospering.

For some years Mr. Mark was a professor in Vienna University, Vienna, Austria. For several years he edited a Hungarian newspaper in this country. He is highly educated and is an excellent linguist, speaking several different languages. He has a mastery of the English language that compares most favorably with that of the most experienced platform speakers who must needs have a command of words. He is eloquent and sincere in manner and every time he has made a public address in Grenada he has made a most favorable impression on his hearers.

The lecture tonight will be free to the public. The Sentinel feels safe in guaranteeing that those who attend will thoroughly enjoy what Mr. Mark has to say.

P. T. A. Holds Meeting.

A most enjoyable meeting was held in the auditorium of the Grenada High School last Thursday afternoon, when the Parent-Teachers Association held its regular monthly meeting, after which an informal social hour was enjoyed by the members and the teachers of the city schools.

Rev. R. W. Emerson opened the meeting with a prayer, after which Prof. John Rundle made a splendid talk on school plans for the year. Miss Lula Mae Provine then favored the meeting with two most enjoyable readings. Mrs. Sam J. Simmons, the new president of the P. T. A., gave a most interesting talk on the work which the organization hopes to accomplish this year. Grade mothers for each room were appointed and plans for the drive for new members were launched.

Delicious sherbet and sandwiches were served during which time the new teachers and members enjoyed an informal hour.

The following officers will serve for 1928-29: Mrs. Sam J. Simmons, president; Mrs. R. W. Emerson, vice president; Mrs. R. W. Sharp, secretary; Mrs. C. C. Penn, treasurer; Mrs. Horace Spain, publicity chairman. Various committees were appointed by the president for different phases of the work to be accomplished. The meetings will be held the second Thursday of each month. The goal for new members is set for not less than three hundred.

* * *

Society Has Monthly Program.

The regular monthly program meeting of the Woman's Missionary Society of the Methodist church was held Monday afternoon in the men's Bible class room of the church.

Circle No. 1 had charge of the meeting with Mrs. Paul Sisk as leader, the topic being, "Even Unto Death".

The meeting was opened with the hymn "The Way of the Cross". Mrs. Sisk then gave the news from the bulletin after which she led the devotional from Mark XIV, 18 and 32nd to 48th verses. Mrs. Jack Lott and Mrs. Ed Heath discussed questions on the devotional readings. Mrs. Ernest Penn sang, "If Ever I Loved Thee, Dear Jesus, 'Tis Now" after which Mrs. Bruce Newsom gave a leaflet on "Life Redeemed and Renewed by Way of Love"; and Mrs. Durroh Horn gave the other section of the leaflet "Life Redeemed and Renewed by Way of Faith". Mrs. Matthews led prayer, bearing on the subject.

Mrs. E. S. Lewis, president, and Rev. J. H. Holder made some very fitting remarks, after which the hymn, "More Love to Thee", was sung. Mrs. Sisk closed the meeting with prayer.

* * *

Young People Enjoy Party.

The Young Peoples' Department of the Methodist Sunday School entertained with a most enjoyable party last Friday night on the campus of Grenada College. Lovely Japanese lanterns were strung among the trees and various games were played. Mrs. Frank Matthews and Mrs. Egbert Jackson had charge of the entertaining features. Punch was served during the evening and delightful home-made cake, with ice cream, donated by Mr. H. L. Honeycutt, was enjoyed by the forty-five guests present.

This department is composed of forty-six of the most promising girls and boys of the Methodist church and much interest is shown and real good is accomplished by them. Mrs. W. E. Smith is superintendent of this department and her able assistants were Mrs. J. R. Countiss, Mrs. J. C. Brown and Mrs. Morris Wells.

20th Century Club Meets

On Tuesday afternoon the Twentieth Century Club met with Mrs. John T. Keeton to take up the third year's work in the course of study. There were ten members present.

After a few items of business were discussed Mrs. Keeton gave the important points from the monthly paper by Dr. Berle on "Methods for Establishing Right Principles, including Precept, Example and Illustrative Story". A general discussion on the paper and of why so many parents fail to keep a strong hold on their boys followed Mrs. Keeton's discourse.

Mrs. Frank Matthews and Mrs. E. R. Proudfit gave two of the preparatory readings on "Boys that Are Wanted", and "Character of a Happy Life", respectively.

Mrs. Keeton was assisted in serving tea, chocolate and dainty little cakes by Mrs. Alney McLean. The meetings will be held every first and third Tuesday in each month, the next meeting to be on October 2nd.

* * *

Mrs. W. J. Rayburn and her daughter, Mrs. H. W. Alexander, spent Tuesday in Winona with relatives.

* * *

Mr. R. H. Herring and Mr. Gus Peacock spent Wednesday in Memphis on business.

* * *

Rev. E. G. Mohler is holding a Sunday School teacher training school for the Methodist church at Gunnison this week.

Mr. David Young Dubard left Monday for Jackson to enter Millsaps College for this session.

* * *

Miss Eva Mortimer, of Memphis, spent from Saturday until Thursday with Miss Elizabeth Holder. Miss Mortimer is attending Grenada College this year.

* * *

Mr. and Mrs. W. R. Todd and Miss Katherine Todd will leave Saturday for Denver, Colorado to spend ten days. They will stop over at Kansas City for several days and also at Colorado Springs en route. Mr. Todd, who is salesman for Mills, Morris Co., of Memphis, won his trip for having sold the most automobile casings the past year, this being the second year he has achieved this honor. The factory that makes these particular casings is at Denver and Mr. Todd will be the guest of Mr. Gates, head of the factory.

* * *

Miss Mary Patton Wilkins left Wednesday for Oxford to enter the state university for the coming session.

* * *

The annual revival of the Methodist church will begin next Sunday with Dr. J. M. Glenn of Georgia, one of the most successful and best gospel preachers, doing the preaching.

* * *

Mr. Rodney Henderson left Tuesday for Oxford where he will resume his studies at the university this being his third year in the commercial department there.

On last Saturday afternoon Misses Mary and Belle Knox entertained most delightfully with a four table rook party for Miss Margie Laster, who is with them for the school year. Lovely garden flowers were in profusion throughout the rooms where the games were played. At the close of the games of rook most delicious home made ice cream and cake were served to the following guests: Misses Mildred Gattis, Adelaide Horton, Virginia Smith, Maxyne Cathey, Annie Elizabeth Dubard, Virginia Williams, Susie Lee Horton, Eunice Marion Dubard, Grace Kirk, Rachel Todd, Alma Catherine Dubard, Susie Mae Peacock, Bessie Phelan Sharp, Mary Ella Collier, Addie Laura Dubard and Margie Laster.

* * *

Messrs. Robertson Horton, Alston McCaslin and Horton Dubard left Wednesday for Oxford to enter the university for the session of 1928-29.

* * *

Mrs. Homer Weir returned home last Saturday from New Orleans where she was called the middle of the week on account of the illness of her sister.

* * *

Mr. and Mrs. Knox Winton are spending several weeks at the new Arlington Hotel at Hot Springs.

* * *

Mr. and Mrs. N. H. Noble, of Winona, spent Sunday with Mr. and Mrs. Sam J. Simmons on College Boulevard.

* * *

* * *

Mr. and Mrs. F. R. Lickfold entertained on Wednesday night with a beautifully appointed dinner party in honor of Misses Rebecca Turner and Lela DeLoach, of Greenwood, the attractive guests of Mrs. Walter Allen McCool. The color scheme of pink was carried out in the table decorations, the flowers and candles. A most delectable four course dinner was served to the following guests: Misses Turner and DeLoach, Mr. and Mrs. Walter Allen McCool and Messrs. Ira Parks and Fred Lickfold.

* * *

The sympathy of the community goes out to Mr. C. A. Summerlin in his recent bereavement in the death of two of his brothers within six days of each other. Mr. G. C. Summerlin, 36 years of age, of Burleson, Texas, was stricken with typhoid fever and his older brother, Mr. G. M. Summerlin, of Fort Worth, went to nurse him. The younger brother died last Wednesday and the elder one contracted the disease and died Tuesday of this week.

* * *

4 Successful Six now winning Even Greater Success

Today's Pontiac Six is built in America's most modern automobile plant—a vast daylight factory erected less than two years ago. Here are special machines, special processes and special methods of precision control far surpassing the accepted practice. Here are literally hundreds of inspectors enforcing the law of accuracy with an iron hand. Here every Pontiac Six is subjected to hundreds of separate inspections to make certain that every ultimate owner obtains a six which General Motors can be proud to sponsor—and which will deliver uniformly satisfactory service for many thousands of miles!

See and drive today's Pontiac Six—the best built car of its price in the world!

2-Door Sedan, $745; Coupe, $745; Sport Roadster, $745; Phaeton, $775; Cabriolet, $795; 4-Door Sedan, $825; Sport Landau Sedan, $875. Oakland All-American Six, $1045 to $1265. All prices at factory. Check Oakland-Pontiac delivered prices—they include lowest handling charges. General Motors Time Payment Plan available at minimum rate.

Classing Service

No. 3 of a series giving details of successful selling service to Association Members.

Watch for No. 4.

AS farmers we have not had the technical training or experience necessary to correctly class cotton.

As individuals when we sell cotton to commercial firms we are wholly dependent on the buyer's classing. He is interested in buying that he may sell at a profit—it is therefore to his advantage to buy as low as possible.

Cotton values vary greatly according to class. The slightest difference in grade or staple may mean dollars of additional value per bale.

The Government has lent aid in standardizing cotton grades and has licensed men who have become expert in determing those grades - and we as a group of cotton farmers, by cooperation, bring to ourselves, what we as individuals can not afford—the expert knowledge and classing service of these Government licensed classers.

These men are working for us and their only object is to class our cotton correctly, blocking it out on merit as to grade and staple, that the best price for it may be obtained.

This Classing Service is another phase of efficient, economical, cooperative selling made possible by group-mindedness and effectively demonstrated in our five successful years.

PAYS TRIBUTE TO McLEAN

Hon. Edgar S. Wilson Writes of Judge McLean.

Hon. Edgar S. Wilson, of Jackson, in his "Mirrors of Mississippi", which is appearing in many of the newspapers, of Sept. 16, pays the following high tribute to Judge McLean. Mr. Wilson is a gifted writer and knows the political history of the state perhaps better than any other living man. He was once a resident of Grenada and hence knew the departed jurist for many years:

"One by one the roses fall. Drop by drop the well runs dry. The death of Hon. W. C. McLean of Grenada, a brilliant and patriotic delegate to the constitutional convention of 1890, leaves only 15 survivors of that historic convention which purged the body politic of vice and ignorance, insured Anglo-Saxon supremacy—while the world conquering race stands united—and brought peace and tranquility to a sorely depressed people. Other southern states were swift to emulate Mississippi's example.

"Judge McLean was one of the youngest members of the constitutional convention of 1890 and was the last surviving member of the franchise committee of which Hon. R. C. Patty was chairman, save Col. J. B. Boothe, a great and patriotic Mississippian, a delegate from the state at large, then a resident of Sardis, Panola county—84 years of age—who recently soundd a timely tocsin of admonition to Mississippians.

"The life and services of Judge McLean bulk large on the brightest pages of the history of the state in which he was born and which he loved as dearly as the ruddy drops that visited his patriotic heart. He was among the outstanding delegates to the constitutional convention of 1890. He was appointed associate justice of the supreme court of Mississippi by Governor Noel and he adorned the ermine. His opinions were as bright as a jewel and as strong as a diamond.

"At the reunion of the surviving delegates to the constitutional convention of 1890—37 years after the enactment of the organic law under which Mississippians live—11 of the 16 surviving delegates were present. Judge R. H. Thompson—the Nestor of the Mississippi bar and the peer of the ablest delegates in the constitutional convention—unanimously chosen as permanent chairman of the surviving delegates, called upon each of the delegates in attendance, after the reading of letters from delegates Boothe, Campbell, Erwin, Gore and Hathorn expressing their profound regret at their inability to be present, to deliver addreesses as their names were called alphabetically. The address of Judge Thompson was a constitutional classic.

"The speeches of the delegates—Bailey, Barnett, Cutrer, N. Guynes, Henry McDonald, McLean, Sexton, Thompson, Turner and Ward—were reported stenographically and are contained in the pamphlet of the proceedings of the reunion. All of them possess great historical value. The address of Judge McLean, like those of his fellow delegates, received profound attention and admiration. I wish I could reproduce the memorable speech of Judge McLean. I must content myself, however, to the reproduction of two extracts.

"Speaking of the committee on franchise, Judge McLean said: 'There were giants in that committee, statesmen of great learning and ability, profound constitutional lawyers, all of whom were alive to the fact that we were sailing upon a troubled sea with Scylla on one side and Charybdis upon the other. No one member of that convention is entitled to the credit of having proposed this franchise provision, but it represents the combined wisdom of every member thereof. The various and conflicting views were thrown into the hopper, and out of the mill was ground the franchise article in our present constitution, which will ever protect us from an irresponsible class.'

"In concluding his speech, Judge McLean said: 'It is with much pleasure and gratification that after the flight of 37 years I again look into your faces. Then you were in the prime of a virile manhood, with all of its freshness and fragrance around you; there were many rainbows in your sky and fancy colored every object with its gorgeous tint. Since then, time's busy finger has left the tracing of its mobility, and yet there can be seen, from the clearness of your vision and your manly poise and bearing that unfaltering trust and unwavering devotion to duty which has characterized, and by which you have desperately measured the volitions of your brain and the actions of your life. As you walk down the western slope, I wish you peace and happiness and hope and pray that in the end you will find a glorious sunset.'

"Judge McLean has been the first of the surviving delegates to cross the bar. His fellow delegates, in their reunion to be held on November 1, 1928, the 38th anniversary of the enactment of the constitution of Mississippi, will miss him and fitting eulogies will be pronounced upon his splendid life and character. As the secretary of the surviving delegates of the constitutional convention of 1890, of which my lamented brother, Robert E. Wilson, was the secretary, I bid "Billy" McLean an affectionate farewell. Though a number of years my senior, we were life long friends. I was at his wedding in Grenada in 1882 when he led lovely Susie Collins to the altar".

GRENADA COUNTY DEMOCRATS FORM SMITH-ROBINSON CLUB SATURDAY

(Continued from page 1)

while he was in Mississippi about his "good friend", Mollie Booze, negress, Republican national committeewoman. He warned his hearers that an endorsement of the Republican candidates by Mississippians meant an endorsement of social equality between the races. He said that he knew that southern men and women did not want to have one school for negroes and whites and that they did not want the "Jim Crow" law abolished. He called attention to Hoover's order as secretary of Commerce abolishing the race segregation order among clerks in his department. He also mentioned briefly the scandals that have besmirched the administration during the past seven years. The speaker urged his hearers to see that the full vote is polled in November. The Colonel closed his remarks with a synopsis of Bryan's plea for tolerance delivered in 1924 in Madison Square Garden at the Democratic national convention.

At the next meeting of the Smith-Robinson Club it is hoped that Hon. W. M. Whittington, congressman, of Greenwood, will address the gathering.

Committees to function in the various precincts of the county were named. Several precinct committees have not as yet been appointed but they will be at an early date. Those named were as follows:

Grenada—Dr. J. S. Sharp, Dr. T. J. Brown, Claud Perry, Claud Hall, W. S. P. Doty.

Tie Plant—E. B. Lewis, J. J. Nichols.

Elliott— J. H. Bull.

Providence—Winston Frazier.

Gore Springs—W. B. Rook, E L. James.

Pleasant Grove—J. C. James.

Graysport—Rogers Parker, H. H. Marter.

Mt. Nebo—Adolphus Clark, J. N. Roberts.

Kirkman—N. B. Jacks, E . G. McCormick.

Mims—W. A. Winter, Bryan Baker.

Oxberry—G. P. Cunningham, W. W. Whitaker.

Holcomb—L. T. Hayden, J. H. Harris, C. V. Gibson.

Woman's committee for entire county—Mesdames S. A. Morrison, H. J. Ray, Nannie K. Penn, W. A. Prather, W. C. Curle and E. D. Holcomb and Misses Louise Perry and Mattie Parker.

The resolutions committee was composed of W. A. Winter, chairman, Mrs. S. A. Morrison, Mrs. W. J. Barksdale, S. C. Mims, Jr., Cowles Horton, E. L. James, J. N. Provine, Kemp Mattingly, Dr. J. S. Sharp, G. M. Lawrence and W. R. Baker.

The following resolutions were unanimously adopted by the club:

We, the representative Democrats of Grenada County, in mass meeting assembled, reaffirm our faith and allegiance to the Democratic party and its principles as promulgated in the Houston convention; we recognize it as a civic organization that has stood since the days of Thomas Jefferson for governmental ideals consistent with the best interests of the South; we recognize it as an organization that stands for white supremacy in the South—a sacred heritage bequeathed us by our fathers at the cost of blood, fortitude and courage unsurpassed in the annals of any country.

We deny that in supporting and accepting the Democratic platform and its nominees, we in any respect yield our adherence to the great Protestant faith which we profess, or recant in any degree our advocacy of the cause of temperance and deny that either religion or temperance is a legitimate issue involved in ths campaign; but if it be, we affirm it to be our strong conviction that honesty and integrity and fidelity to public trust in governmental affairs and political white supremacy are by far the paramount issues in this campaign; therefore, be it resolved

That we go on record as publicly expressing our endorsement of the Democratic party, its platform and nominees, and hereby pledge our support in every honorable and fair way to achieve the election of the entire ticket;

That we condemn in unmeasured terms the "whispering campaign" being carried on by Southern men under the guise of Democrats, and charge them with being disloyal to the party and recreant to the Southland and as taking steps that must place them where they cannot expect the confidence of their heretofore party associates;

That we call upon the white men and women of the county to remain loyal and steadfast to the party and its nominees in this hour of peril and enjoin upon them the urgent necessity of going to the polls and voting "straight" for the entire ticket.

Suffering With SICK HEADACHES

Mr. Charles F. Todd, of Estesburg near Waynesburg, Ky., says:

"I was suffering with nervous headaches. About once a week I would have these headaches, and have to quit work, and go to bed for about twenty-four hours. I would have pains in my neck, and right behind my right ear.

"A merchant at Estesburg told me to try taking Black-Draught, which I did.

"It relieved me. From that time on, I would take Black-Draught as soon as I felt like I was going to have one of those headaches—and they wouldn't come on.

"Every few weeks, I take three or four doses of Black-Draught, and I feel so well, and do my work, and don't lose any more time with headache."

Get a package today.

EX-188

Thedford's BLACK-DRAUGHT For Constipation Indigestion, Biliousness

What? haven't you heard about it?

DON'T you know that Black Flag—the deadliest insect-killer made—costs just one-half the price of other liquid insect-killers? Black Flag costs only 25 cents for a half-pint. Other liquid insect-killers cost 50 cents a half-pint. Black Flag comes in two forms—liquid and powder. Both are sure death to flies, mosquitoes, roaches, ants, bed-bugs, fleas, etc.

Powder, 15c up. Money back if not satisfied.

DODGE BROTHERS NEW SENIOR SIX

. . .

A GREAT CAR MADE GREATER STILL

Bigger, faster and in every detail finer, the New Senior Six represents the most impressive value ever produced by Dodge Brothers.

Its long, sweeping lines, artistic coachwork and luxurious appointments identify it as a car of exceptional style and distinction.

Moreover, Dodge Brothers have built into the New Senior that precision and dependability of construction you invariably associate with their name.

Performance of a new and vivid character is the result. In pick-up, acceleration, ease of operation and masterly utilization of power, the New Senior surpasses even the very high standards set by its brilliant predecessor.

Beautifully appointed interiors, longer bodies, spacious and deeply tufted seats, striking color effects and complete fine car equipment, further emphasize the regal luxury of New Senior design.

We will be proud to show you this beautiful car, and when its remarkable performance, beauty and comfort are brought home to you by a demonstration on the highway, you will want it for your own.

Available in six distinguished body types—The Sport Sedan (illustrated), $1795—The Sport Coupe with Rumble Seat, $1795—The Landau Sedan, $1845—These prices include six wire wheels and six tires . . . The Victoria Brougham, $1575—The Sedan, $1675—The Coupe with Rumble Seat, $1675 . . . All prices f. o. b. Detroit—front and rear bumpers included.

[*Dodge Brothers new Victory Six $995 to $1295, and Dodge Brothers Standard Six $875 to $970, also on display*]

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL LESSON

By Rev. P. B. Fitzwater, D. D.
Dean, Moody Bible Institute of Chicago
(©, 1928, Western Newspaper Union.)

Lesson for September 23

THE CHRISTIAN BASIS OF TOTAL ABSTINENCE, TEMPERANCE LESSON

LESSON TEXT—I Cor. 8:1-3.

GOLDEN TEXT—Let no man seek his own but every man another's wealth.

PRIMARY TOPIC—Helping Others to Keep God's Law.

JUNIOR TOPIC—Helping Others to Keep God's Law.

INTERMEDIATE AND SENIOR TOPIC—Abstinence for the Sake of Others.

YOUNG PEOPLE AND ADULT TOPIC—The Christian Standard of Social Conduct.

In this section of Scripture Paul is bringing to view the great doctrine of Christian liberty and forbearance. It is of vital importance that we grasp the principles involved because the complexity of modern life brings us face to face with difficult problems every day. Our lesson affords principles which are adequate for our guidance in all these problems. The occasion of this teaching was the uncertainty as to the right attitude for Christians to take toward things sacrificed unto idols.

I. The Idol Is Nothing (vv. 1-6).

Intelligent people know that an idol is nothing but a piece of timber or stone. They know that there is only one God, the creator and sustainer of all things. Since an idol has no real existence, the eating of such meat is a matter of indifference. It should be borne in mind that the principle stated in this section has reference to things which are in themselves wrong. Strictly speaking, therefore, this teaching cannot be applied to indulgence in intoxicating liquors. To do so would be a perversion of Paul's meaning. The indulgence in intoxicating liquors, the use of tobacco, etc., are things wrong in themselves because they injure the human body. The holding of stock in certain corporations and having partnership in illegal business are things that are wrong in themselves. In applying this principle to the use of intoxicating liquor this should be borne in mind. The principle can be applied only to things which are in themselves harmless.

II. Not All Christians Have Maturity of Discernment (vv. 7, 8).

Uninstructed Christians were still possessed of the conviction that an idol was really a living and powerful being. For those persons to sit down to a social meal where such meat was eaten would be to expose themselves to the liability of being brought again under the bondage of their sins.

III. The Christian's Behavior in Such Cases (vv. 9-13).

1. He should take heed lest his liberty become a stumbling block (v. 9).

2. Liberty must be curtailed for the sake of the weak brother (vv. 10, 11).

While the one who has proper understanding of what idols are can eat such meat with impunity, he should desist from eating lest he cause his weak brother to stumble.

3. To disregard this is to sin against our brethren (v. 13).

To disregard our brother's interest is to sin against Christ, for it is sinning against the one for whom Christ died. To place a stumbling block in the way of the believer is a terrible crime. In enforcing this, three important considerations are brought out:

(1) The fate of the weak brother (v. 11).

He perishes. Human sympathy, let alone Christian love, would cause a man to give consideration to his conduct lest he cause such a loss.

(2) The relation of the man to his slayer. He is his brother.

(3) What Christ did for the "weak brother."

Christ died for him; therefore to sin against a brother is to sin against Christ, because the brother is a member of Christ's body.

IV. The Teaching Illustrated in Paul's Life (ch. 9).

At Corinth Paul worked with his own hands lest his mission to them should be misjudged. While he vigorously contended for his right to ask for support of them, he refrained from asking. By means of his own labors and the donations which he received from the Macedonian churches he was able to boast that he had not been chargeable to them.

V. The Teaching Applied (10:23-33).

1. Christianity may indulge in lawful things only as they are expedient and unto edification (v. 23).

2. Let no man seek his own, but each his neighbor's good (v. 24).

The principle of love is unselfishness.

3. Whether therefore ye eat or drink, do all to the glory of God (v. 31).

The Christian is not at liberty to do that upon which he could not ask God's blessing.

4. Give no occasion for anyone to stumble (v. 32).

We should so live that no one can ever say that we have been the occasion of his downfall.

5. Follow the example of Jesus Christ (11:1).

Christ gave up all for the sake of others. Every one who is Christ's should imitate Him.

25 YEARS AGO IN GRENADA

From the Files of THE GRENADA SENTINEL

Miss Elizabeth Moore, one of Grenada's most intelligent and charming young ladies, left for the I. I. & C. at Columbus Monday night, where she will be graduated this seession. She will be assistant librarian at the college. Her bright young sister, Miss Ethel, has also entered the same college.

Mr. J. H. Brown, a prominent merchast and large planter of Cascilla, was in Grenada Tuesday. He reports the cotton crop in his section short at least one-third.

Messrs. Walter Latimer, Ben Moreland and Willie Hughes left this week to attend the A. & M. College at Starkville.

The Board of Supervisors of Grenada county spent most of last week equalizing the personal assessment roll. They reduced the county tax one mill.

Lewis and Harry Parker, of Graysport, left this week to attend the A. & M. College at Starkville.

Miss Pink Peeples, a popular young lady of Jackson, Miss., is visiting the family of Sen. B. C. Adams.

The charming Miss Lona Wilkins, of Duck Hill, was the guest of Mrs. Carrie Goodwin this week.

Misses Mattie Parker, Mary Williams and Laura May Evans, of Graysport, are now in attendance at the Blue Mountain College.

Our exceedingly handsome depot agent, Mr. A. P. Guntharp, is visiting relatives at Collins, Miss.

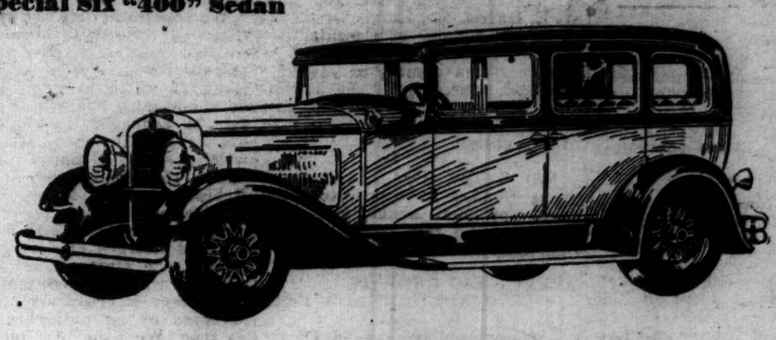
Mr. J. E. Webb, of the delta, was the pleasant guest of friends here the first of the week.

Miss Lucetta Tillman, of Graysport, is attending the Grenada College.

Centerville, Miss., is to have a soap factory. The capacity of the plant will be eight tons daily, and besides making bar and laundry soap, various brands of toilet soap will also be manufactured. From twenty-five to forty hands will be employed. A fertilizing factory is also expected to be started soon in the same town. Two such plants would also doubtless pay well in Grenada.

THE WORLD HAS A NEW AND FINER MOTOR CAR

Special Six "400" Sedan



$1495 Delivered in Grenada

Buys this Twin-Ignition-Motored, Salon Body "400" Sedan, fully equipped

More Nash cars were sold in August than in any month during the entire 12 years of Nash success.

The new Nash "400" is *the car of the year*—everybody says so—comparison with the other new cars offered convinces everyone who compares.

Study the big Nash "400" Special Six Sedan illustrated here. You'll never find so satisfactory a car at anything like its completely equipped, delivered price.

It has the new Twin Ignition, high compression motor, the new Salon Body. It is the easiest steering car the motor car industry ever has produced. And one of the easiest riding, with a full 116-inch wheelbase and Lovejoy hydraulic shock absorbers, front and rear.

And every single accessory, even to bumpers front and rear, and a spare tire is included in the price, delivered to you, right here.

Don't think of deciding on your new car until you have seen this new Nash "400," and tried its remarkable new Twin Ignition performance.

NASH "400"

Leads the World in Motor Car Value

IMPORTANT FEATURES—*NO OTHER CAR HAS THEM ALL*

Mrs. Lillian Cox of Grenada, spent Sunday in Charleston, the guest of her sister, Mrs. Lew Houston and family.—Mississippi Sun, Charleston.

EXPECT BIG CROWDS FOR GRENADA FAIR

(Continued from page 1)

charge of 50c will be made for grandstand seats. The association has gone to considerable expense to secure this feature which comes to Grenada with the highest recommendations.

Pappalardo's Orchestra, of Memphis, not unknown in Grenada for its excellent musical renditions, will provide the music for the six days of the meet.

Free vaudeville acts will be staged each afteroon in front of the grandstand. The five De Cardos, acrobats and barrel jumping and tumbling artists of note, who are now playing at the Palace Theatre in Chicago, will entertain the crowds and the Roman circus, with its Roman standing and chariot races and push ball contests will complete the free program.

The D. D. Murphy Shows, furnishing all midway features this year for the fair, are possessors of a freak animal show which is far out of the ordinary. Over 30 domestic animals are displayed besides a large collection of freak fowls. The feature of this strange exhibit is a twoheaded calf, six months of age, which actually has two heads, four eyes, two tongues and four ears. The little animal has been examined by veterinarians in every city visited by the shows and pronounced to be in perfect health. It is insured with London Lloyds for $5,000.

The Murphy shows are presenting a remarkably fine line of attractions this season including some features which are being presented for the first time in the southern states. An unusually clever colored musical comedy revue presents 25 comedians, singers and dancers and a hed hot "jazz band". Another novelty is Hector's monkey circus, a truly remarkable group of 60 trained simians brought from Europe last spring by the Murphy Shows.

The circus side show is featuring Dr. Garfield, the only living man with an exposed brain, in addition to 11 other unusual features and Kemp's motor maniacs make everyone gasp with their daring feats on the perpendicular walls of their huge motordrome. There are 17 paid shows in all, in addition to 14 riding devices, and 3 comical "fun houses". The Murphy military band is considered the best in the outdoor show field.

In the colored department is promised exhibits that will equal if not excel any the colored citizens have ever shown before. The woman's department will as usual draw its share of praise for the splendid exhibits which are assured there. The club exhibits and the general agricultural displays will be worth viewing and all in all the 1928 fair gives every indication of breaking all previous records in every department.

REV. J. W. LEE FIRES "DUD" IN HIS ANTI-SMITH VERBAL BARRAGE

(Continued from page 1)

of the water. His lack of knowledge about this particular matter serves to confirm one of the things we have been trying to teach him, and that is that the shoemaker should stick to his last—tersely interpreted, that the minister who turns aside from his sacred calling to intermeddle in those things common to the world and about which a vast majority of his own fellow citizens and neighbors agree, runs the risk of crippling his own powers for good in his chosen field when there is but one chance in a thousand that he can accomplish what he seeks to do.

We repeat that we are surprised that our Brother should have walked on such thin ice as to charge Joe Robinson with something of which he is as innocent as a new-born babe. It is at least fair to conclude that Bro. Lee knows as little about what he is writing about Al Smith as he has shown that he knows about Joe Robinson in the foregoing communication.

It is in instances like this that unfounded charges are given to the public; one states it, another repeats it without investigation and the charge is broadcast until it is accepted by an unthinking public as true. We hope that our misinformed Brother will go back now, since we have shown him his error and ponder over the source of his information about Al Smith. We hope, too, that he will "see the light" and vote the straight Democratic ticket in November.

It is not the intention of this paper to engage in a political discussion with Bro. Lee. We do not believe such things settle the question at issue one way or the other. But it is the duty of the good newspaper to give to the public the use of its columns on matters that concern the public weal. It is the right of every editor to challenge these articles, as he sees fit. If Brother Lee wishes to continue the discussion we still extend to him the privilege of space in our columns; we had hoped to convince him ere this that he has poor material—the Republican party—with which to bolster his argument. This time, he should be convinced absolutely.

BUSINESS MEN'S CLUB PLANS TRUE CENSUS

(Continued from page 1)

few days to complete the work and then one can assert positively, when trying to interest outsiders in making investments in Grenada, what the population really is.

L. A. Olson, district extension agent, made a strong appeal to the club to take a greater interest in the forthcoming North Mississippi Fair and to show to the outside world that Grenada is really cooperating with fair officials in making the event a success. He said that the visitors should be shown that the town really extends them a welcome. This, he said, would go a long way toward creating a favorable impression of Grenada. The president said that he would confer with fair officials and that the club would take steps to carry out Mr. Olson's suggestions. Mr. Olson also mentioned the national dairy show to be held in Memphis and he told of what last year's dairy show had done for dairying in north Mississippi.

It is planned for a representative number of members of the club to visit Tupelo during the week of Oct. 2 to confer with citizens there to learn just what procedure they took to make of Tupelo the thriving city it is today. Just a few years ago Tupelo was facing a situation similar to the one now confronting Grenada. But it has in recent years made such rapid strides in dairying, in the poultry industry and in a general industrial way that there is no comparison of its present prosperity with what it was ten years ago. The young men's business club hopes to gain some decidely valuable information from those farsighted business men of Tupelo who are responsible for its great progress.

It is planned also for the club to be hosts to Grenada county farmers on a trip to Starkville and A. & M. College some time in November so that they may see there just what dairying means to the farmers of that section. It is intended to visit Starkville on one of the Borden "pay days" when checks are issued for milk sold to the condensery.

The next meeting of the club is to be held Thursday noon, Oct. 4th, at which time the different committees will report on their activities.

METHODIST REVIVAL BEGINS NEXT SUNDAY

(Continued from page 1)

over that he has no perfect people to do His work here, hence the church is not perfect, but it is the life boat to every man and woman who will get aboard.

People adrift in the waters do not hesitate to crawl into any sort of boat regardless of who is in the boat or what class of boat it may be. What they are thinking about then is to save themselves from drowning, to make it to the shore. Men and women are adrift in the world, the church is a life boat which, if they get in and then act the part of sensible beings, will take them safe to the "other shore".

Let it be hoped that Mr. Glenn's meeting may result in all that the most devout Methodist of Grenada can hope for.

PAT HARRISON APPEALS FOR VIGOROUS CAMPAIGN

The following telegram from Senator Pat Harrison, received by the editor of The Sentinel Wednesday morning from New York City where the Senator is connected with Democratic National Headquarters, is passed on to Sentinel readers so that they may again receive renewed inspiration in their organization of Democratic clubs throughout the county:

"Please confer with leading Democrats and organize immediately strong Democratic clubs through county. I appeal to you and the other Democrats of the county to begin in this manner to prosecute vigorously the national campaign for tremendous majority in state."

ROTARY HAS MEETING

At the regular weekly luncheon of the Rotary club Tuesday, Sept. 18, a telegram was read from the national Red Cross chairman asking for donations from Grenada for the storm sufferers in Porto Rico, the Virgin Islands and in Florida. It was announced that a considerable sum had been raised already for the relief fund through the activities of a committee assisting Mrs. W. D. Salmon, local chairman. Those who have not as yet been seen and who wish to contribute to the fund may do so by seeing Mrs. Salmon. It is understood that an immense amount is needed for those made homeless by the storm.

A letter was read from Bela Mark asking the cooperation of the Rotary club in securing a place to deliver his lecture on "Life as a Business Prosposition". The lecture is to be delivered tonight at the school auditorium.

W. B. Hoffa read a letter from John Borden, owner of Glenwild Plantation, in which Mr. Borden gave some of his views of things that should be done for the upbuilding of Grenada.

The club adjourned after singing several songs, led by R. W. Emerson.

C. A. PERRY MOTOR CO. IN FINE NEW BUILDING

Housed in a handsome new building on the corner of Second and Green Streets, the C. A. Perry Motor Co. opened for business Wdnesday morning. The building is one of the prettiest and most complete garages and filling stations in this section and is indeed a credit to the town. The firm, composed of Messrs. Claud Perry and John Pressgrove, two popular and well-known citizens of Grenada, handles the Oakland-Pontiac cars, products of General Motors, and in addition it will operate an up-to-date service station and garage. An experienced corps of workers is assisting in carrying on the business and The Sentinel feels sure the new concern will meet with that success it merits.

NOTICE OF SPECIAL ELECTION

Pursuant to an order therefor enacted by the Board of Mayor and Aldermen of the city of Grenada, Mississippi, the undersigned Registrars of Election of said city hereby give notice to the qualified electors of said city that a special election will be held at the Mayor's Office in said city on Saturday, October 6th, 1928, within legal hours, for the purpose of determining whether said Board shall be authorized to increase the General Fund Tax Levy of said city from six mills to seven mills. All qualified electors of said city are entitled to vote at said election.

In testimony whereof, witness our signatures this 18th day of September, 1928.

I. O. PEARSON,
O. L. KIMBROUGH,
J. B. KEETON,
Registrars of Election

Column About Colored People of Grenada County
Items by J. H. Phillips

The School

There is much satisfaction to the parents and friends of the Grenada High school (col.) that the principal, Prof. A. M. Rodgers, with his faculty is progressing splendidly. Up to the present time there seems to be no hitch in the organization of the school as to plans upon which the school is to be run. The attendance is large for the beginning. Something over 300 pupils are already enrolled and in attendance daily. There are at least calculation as many more who should be at school. We learn that as soon as the cotton picking season is over the children will be coming in. If all of the children of the city were in their places in school it would be difficult to house them in the limited space. The present school building as well as the faculty could not properly take care of the situation. For years the faculty has needed an enlargement in order to adequately do justice to the large numbers under their charge. We hope it will be better further on. We boast of a great many things that the south is doing for our people, but there is no boast for the providing of educational facilities for the advancement of our people. Let us hope it will reach us by and by.

The eighth grade of the Grenada Colored High School organized into a society for the purpose of helping to keep up the school expenses. The officers are as follows: Sarah Parker, president; Susie Knox, vice president; Jessie Lee Hardeman, secretary; Lula Mae Dunbar, assistant secretary; Hiram Hudson, Treasurer; Lurline Cook, chaplain; Selma F. Guy, chairman of program committee; Maggie Mae Hardeman, Ella Lee Mason, Lebvelia Baker, chairman of lookout committee; Nancy Knox, Jennie Briley, Rosie Lee Davis.

The lyceum society will be giving entertainments from time to time during the school session.

Mrs. Jannie Leddell, wife of C. H. Leddell, left Sept. 15th for Terre Haute, Ind., where she will be in the hospital for a second operation. She goes there because she has a brother there who is a physician and surgeon. She is accompanied by her sister, Mrs. M. E. Bennett, and her two little sons. It is hoped that she may get much benefit and return home soon.

William Weathers, son of M. W. Weathers, left Sunday for Memphis where he goes to attend the Booker T. Washington high school. William is a clever boy and deserves being given a chance to improve the stuff that is in him. We hope to hear a good report of him.

William Lucas having finished at the Grenada High School (col) left last week to enter Rust College at Holly Springs. William is a very promising boy and has in his deportment and study won for himself a warm place in the hearts of the people of this community. He was a close student while in school here and entered into the religious and social life of the community and it would be a surprise to his admiring friends and associates if he did not make good in his endeavor to further equip himself for life's duties.

D. S. Henderson, son of Prof. A. H. Henderson, of this city, is visiting his parents here and is enjoying home reminiscences. Mr. Henderson is practicing law in the city of Louisville, Ky. and enjoys a splendid clientele. He must come home to see the old folks once each year. Welcome.

Mr. Alex Murphey, Jr., who recently was married to Miss McGee of Sumner, Miss., will be at home the first of October. We hope that the community of this city will each year. Welcome.

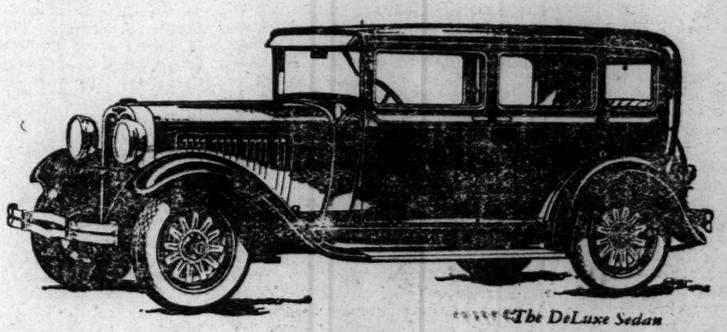
A NEW VICTORY SIX BY DODGE BROTHERS



The DeLuxe Sedan

SMARTER, ROOMIER, MORE COMFORTABLE

With Famed Victory Performance Made Still More Brilliant

Striking improvements in beauty, comfort and roominess, set Dodge Brothers new Victory Six apart as a distinctive and impressively attractive motor car.

Seat dimensions are more generous; cushions deeper and more luxurious; doors higher and wider; and passenger vision materially increased.

New Victory lines sweep gracefully forward to a radiator that expresses new ruggedness and power; and improved fenders further accentuate the vigorous and arresting charm of Victory Six design.

Moreover, new Victory Six construction insures many unique and vital advantages.

The wide Victory chassis frame, flush with the body lines, provides a foundation for the body—which is directly mounted without sills. This remarkable construction lowers the all-important center of gravity, increases the head room, and eliminates the customary body overhang.

And as a consequence, the new Victory grips the road at the curves, travels rough pavement with incredible smoothness, obeys the four-wheel brakes instantly—yet with no discomfort to passengers. And provides a quality of pick-up, flexibility and fast flashing action that we urge you most earnestly to investigate.
